Quick Feedback

24*7 support

Genesis Banking

Internet Banking is all about knowing our customer need and provide them with the right service at the right time through right channel 24*7 day a week. Being "electronic", it not only provides its customers with faster and better facilities, it even reduces the manual overhead of accounts maintenance. The Online Banking suite provides a global accounting foundation that provides the all private banks with electronic banking facilities. It allows client of private banks to carry out their day to day banking transactions.

Benefits

- >Quick, authenticated access to accounts via the desktop.
- >Easily scalable to grow with changing system requirement.
- >Enterprise wide access to information.
- >Improved information security, restricting unauthorized access.
- >Minimize Storage Space
